INTRODUCTION

This detailed provincial electoral constituency (1998 boundaries) statistical profile has been prepared by the Manitoba Bureau of Statistics. The profile contains information provided by Manitobans during the 1996 Census, including a wide range of topics such as population characteristics, families, housing, labour force activity, and income.

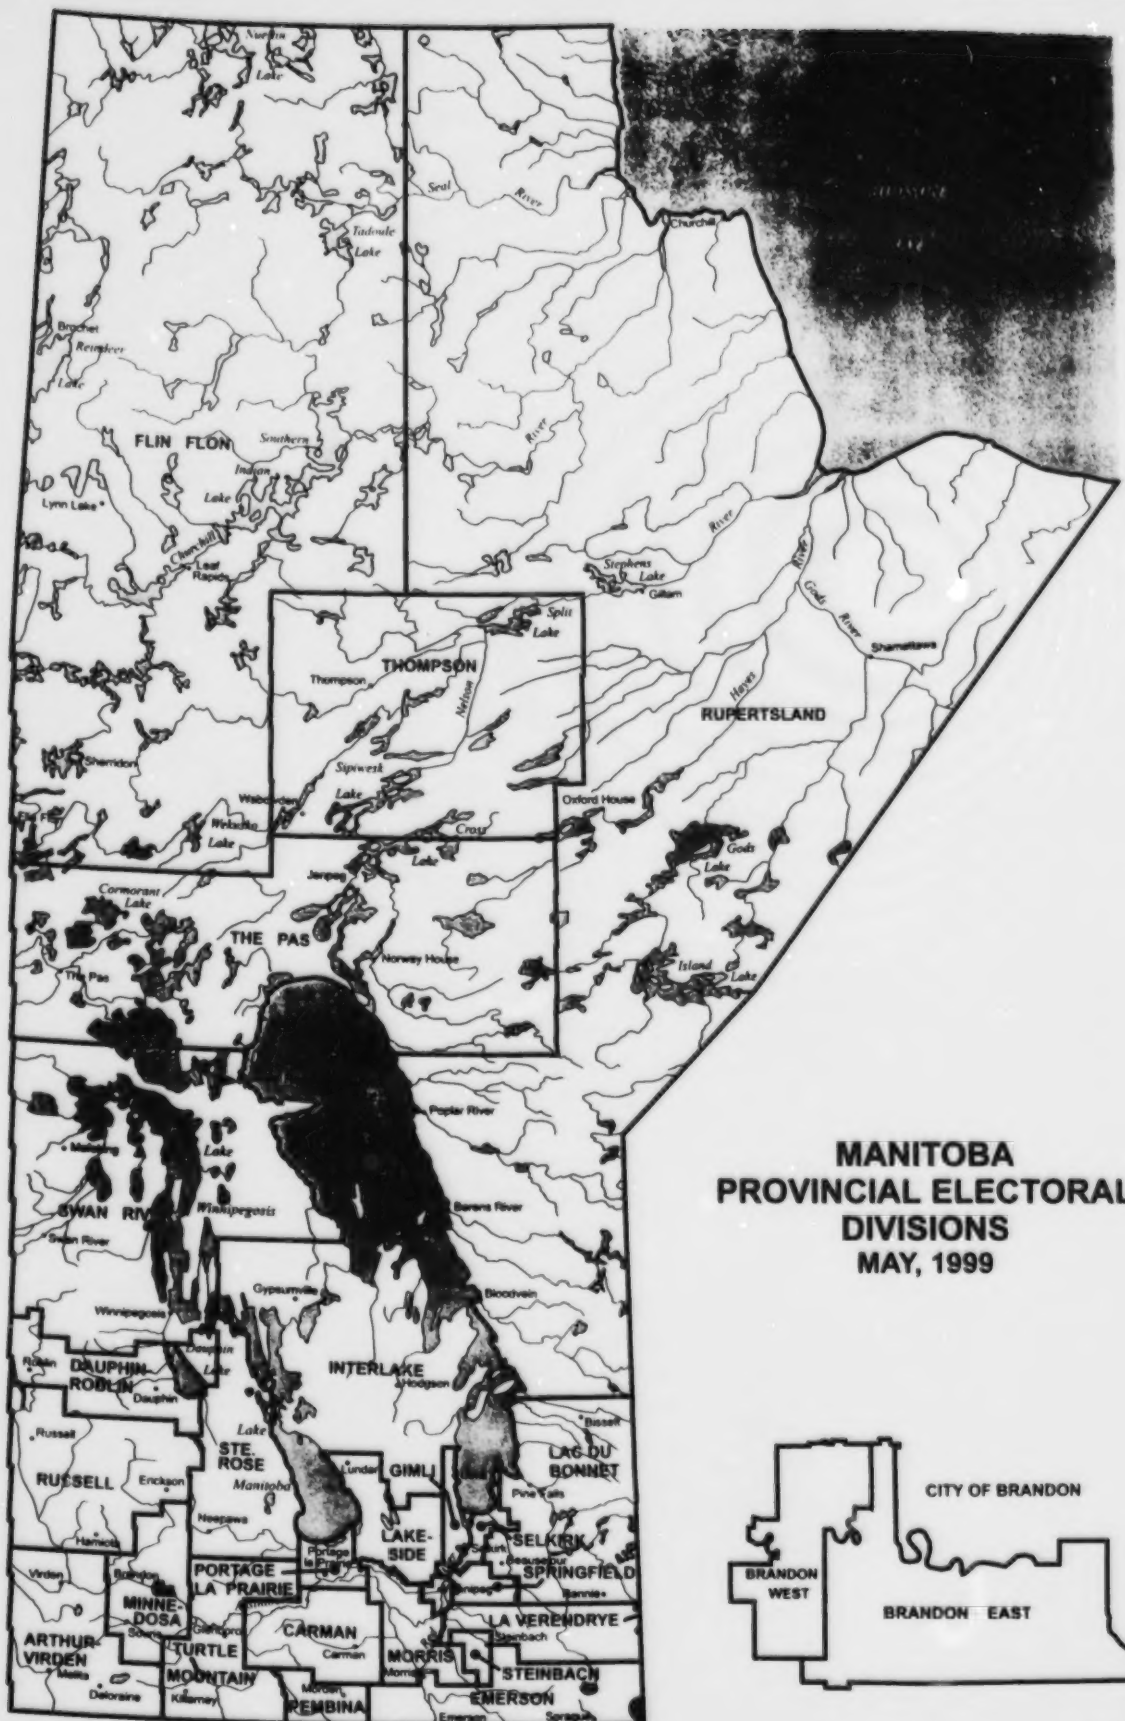

The Manitoba Bureau of Statistics obtained the special geographic referencing (geo-coding) required to produce this provincial electoral constituency profile from Statistics Canada.

It should be noted that the 1996 constituency population total in this profile may not match the Elections Manitoba estimate. The MBS produced profiles are based on the aggregation of block-face (i.e., side of a city block) data within Winnipeg and enumeration area level data for the remainder of Manitoba. Where constituency boundaries split an enumeration area into two parts and Elections Manitoba has manually split the population of that area, then the population figures will not match.

The data presented in this report may be purchased in micro-computer readable format for \$400.

MBS has also produced individual constituency profile reports, which may be purchased for \$20 per constituency (\$30 in micro-computer readable format). All 57 individual profiles are available for \$342. (\$400 in micro-computer readable format).

For further information on these statistical profiles, or to order any of these data products, please contact David Greenwood at 945-2989.

ENDNOTES

- (1) Persons in Canada on student authorisations, employment authorisations, Minister's permits, and as refugee claimants were enumerated in the 1991 and in the 1996 Census but not in previous censuses. These persons are referred to as non-permanent residents.

Does not include census counts for unenumerated Indian Reserves. For 1996, Jackhead 43 in Interlake and Dakota Tipi 1 in Portage la Prairie were not enumerated. In 1991, Valley River 63A in Dauphin-Roblin and Roseau Rapids 2A and Roseau River 2 in Emerson were not enumerated. In 1986, 16 Indian Reserves located in Carman, Emerson, Interlake, Lac du Bonnet, Portage la Prairie, Russell, Ste. Rose and Swan River were not enumerated.

- (2) LEGAL MARITAL STATUS - Refers to the legal conjugal status of a person.

LEGALLY MARRIED (AND NOT SEPARATED) * - Persons whose husband or wife is living, unless the couple is separated or a divorce has been obtained.

SEPARATED, BUT STILL LEGALLY MARRIED - Persons currently married, but who are no longer living with their spouse (for any reason other than illness or work) and have not obtained a divorce.

DIVORCED - Persons who have obtained a legal divorce and who have not remarried.

WIDOWED - Persons who have lost their spouse through death and who have not remarried.

NEVER MARRIED (SINGLE) - Persons who have never married (including all persons less than 15 years of age) and persons whose marriage has been annulled and who have not remarried.

* In 1996, Aboriginal people married according to traditional customs were instructed to report themselves as legally married.

- (3) CENSUS FAMILY - Refers to a now-married couple (with or without never-married sons and/or daughters of either or both spouses), a couple living common-law (with or without never-married sons and/or daughters of either or both partners) or a lone parent of any marital status, with at least one never-married son or daughter living in the same dwelling.
- (4) PRIVATE HOUSEHOLD - Refers to a person or a group of persons (other than foreign residents) who occupy a private dwelling and do not have a usual place of residence elsewhere in Canada.

HOUSEHOLD SIZE - Refers to the number of persons in a private household.

- (5) OCCUPIED PRIVATE DWELLING - Refers to a private dwelling in which a person or a group of persons are permanently residing. Also included are private dwellings whose usual residents are temporarily absent on Census Day.

- (6) **STRUCTURAL TYPE OF DWELLING** - Refers to the structural characteristics and/or dwelling configuration, that is, whether the dwelling is a single-detached house, an apartment in a high-rise building, a row house, a mobile home, etc.
- (7) **MOVABLE DWELLING** - includes mobile homes and other movable dwellings such as houseboats and railroad cars.
- (8) **MOTHER TONGUE** - Refers to the first language learned at home in childhood and still understood by the individual at the time of the census.
- (9) **OTHER LANGUAGES** - is a subtotal of all non-official languages collected by the census that are not displayed separately here.
- (10) **KNOWLEDGE OF OFFICIAL LANGUAGES** - Refers to the ability to conduct a conversation in English only, in French only, in both English and French or in neither of the official languages of Canada.
- (11) **FIRST OFFICIAL LANGUAGE SPOKEN** - Refers to a variable specified within the framework of the Official Languages Act.
- (12) **HOME LANGUAGE** - Refers to the language spoken most often at home by the individual at the time of the census.
- (13) **KNOWLEDGE OF NON-OFFICIAL LANGUAGES** - Refers to languages, other than English or French, in which the respondent can conduct a conversation.
- (14) **ABORIGINAL GROUPS** - A grouping of the total population into non-Aboriginal or Aboriginal population, with Aboriginal persons further divided into Aboriginal groups, based on their responses to three questions on the 1996 Census form. Included in the Aboriginal population are those persons who reported identifying with at least one Aboriginal group, i.e. North American Indian, Métis or Inuit (Eskimo) and/or who reported being a Treaty Indian or a Registered Indian as defined by the Indian Act of Canada and/or who reported they were members of an Indian Band or First Nation.
- (15) **OTHER ABORIGINAL** - response includes those who identified themselves as Registered Indians and/or Band members without Aboriginal identity response.
- (16) **CITIZENSHIP** - Refers to legal citizenship status of the respondent.
- (17) **IMMIGRANT POPULATION** - Refers to people who are, or have been, landed immigrants in Canada. A landed immigrant is a person who has been granted the right to live in Canada permanently by immigration authorities. Some immigrants have resided in Canada for a number of years, while others are recent arrivals. Most immigrants are born outside Canada, but a small number were born in Canada.

PERIOD OF IMMIGRATION - Refers to groupings of years derived from the year of immigration question. Year of immigration refers to the year landed immigrant status was first obtained. This includes only the first four months of 1996.

- (18) **AGE AT IMMIGRATION** - Refers to the age at which the respondent first obtained landed immigrant status. A landed immigrant is a person who has been granted the right to live in Canada permanently by immigration authorities.
- (19) **NON-IMMIGRANT POPULATION** - includes persons born in a province other than the province of residence, as well as persons born outside Canada who have Canadian citizenship by birth and, therefore, will not have immigrated to Canada.
- (20) **NON-PERMANENT RESIDENTS** - refers to persons who, at the time of the census, held a student or employment authorization, Minister's permit or who were refugee claimants, as well as family members living with them.
- (21) **ETHNIC ORIGIN** - Refers to the ethnic or cultural group(s) to which the respondent's ancestors belong. Ethnic or cultural origin refers to the ethnic 'roots' or ancestral background of the population, and should not be confused with citizenship or nationality.

Comparability of ethnic origin data between the 1996 Census and previous censuses has been affected by several factors including changes in the question format, wording, examples, instructions and data processing, as well as by the social environment at the time of the census.

- (22) Single origin represents the total number of persons who reported only one ethnic origin in the census.
- (23) Caution should be used in comparing data for 'Canadian' ethnic origin between censuses. The increase in the reporting of 'Canadian' is the result of a number of factors. The change in the format of the ethnic origin question between 1996 and 1991 has had an impact on counts for this group.
- (24) In 1991, 'Frisian' was included in 'Dutch (Netherlands)'. In 1996, 'Frisian' was collected as a separate response.
- (25) In 1991, 'Taiwanese' was included in 'Chinese'. In 1996, 'Taiwanese' was collected as a separate response.
- (26) In 1991, 'East Indian, n.i.e.' included 'Goan', 'Gujarati' and 'South Asian, n.i.e.'. In 1996, these groups were collected as separate responses.
- (27) Multiple origins represent the total number of persons who reported more than one ethnic origin in the census.
- (28) **VISIBLE MINORITY POPULATION** - Refers to the visible minority group to which the respondent belongs. The Employment Equity Act defines visible minorities as 'persons, other than Aboriginal peoples, who are non-Caucasian in race or non-white in colour'.

The visible minority population includes the following groups: Chinese, South Asian, Black, Arab/West Asian, Filipino, Southeast Asian, Latin American, Japanese, Korean and Pacific Islander.

- (29) **VISIBLE MINORITY, N. I.
